

To whom it may concern

It is with pleasure that I am writing this letter of recommendation for Mrs. Sara Ahmadian. She has been a good student and I am confident she would achieve well on the course and be an asset to your institution. I would like to take this opportunity to recommend Sara for your graduate program. I have known Sara for the past 2 years. I feel confident that she will continue to succeed in her studies. She has taken two courses with me and has obtained good grades in them.

Based on the time I was her academic advisor and my observation I would also like to add that, Sara is a hard-working student. Her academic record shows that she has been able to successfully manage time and resources to meet deadlines while maintaining good grades. It is for these reasons that I offer recommendations for her.
